

**Dive World** San Antonio, TX

**WE HAVE EXCITING NEWS FOR YOU!!! We are starting FOUR Dive World Clubs!**

1. **Kayak Diving Club**. If you have a kayak, can borrow one, or even rent one (Wally's Watersports \$35/day), we would love to have you as a member. Kayaking experience is not required. We will have fun, exploration kayak dives (i.e. "Antique" boat near Mormon Bluff) and Project AWARE's Dive Against Debris monthly events at Medina Lake (Mormon Bluff – The Cliff).
2. **Fitness Club**. How about making this summer the beginning (or continuation) of a really fun and healthy lifestyle? For our safety and enjoyment of diving, physical fitness and

nutrition are very important. Among many benefits, our fitness level can reduce the risk of decompression sickness, help prevent heart disease, improve comfort with heavy equipment, help us swim against strong currents, and contribute to more efficient air consumption extending dive time. Non-diving family members may also join the club.

3. **Marine Conservation Club.** Would you like to make a difference and protect our oceans and sea life? This club will be available to our divers and non-diver family members. It will also include high school and college students involved in animal protection and conservation clubs. There will be plenty of activities, fundraisers, and events that you can choose from to participate.
4. **Rescue and Skills Club.** This club is available to certified Rescue Divers, Divemasters, Instructors, and divers currently enrolled in the Emergency First Response and Rescue Diver courses. The goal is to provide ample opportunities for skill refreshers (CPR, finding a missing diver, navigation, etc.) in the form of challenges and competitions to improve and perfect performance. Events will be kept fun and non-intimidating to promote learning. There will be at least two refresher events per month. These will be conducted at Dive World Thousand Oaks pool/classroom, Comal River, or Medina Lake. You will not want to miss the Equipment Exchange Challenge!
